One Man Arrested and Four Others Sought in Pre-Election Scandal

WETS FIGHT DRIES IN STATE

By Associated Press
Columbus, O., Nov. 6.—An election scandal in which one man has been arrested and four others are sought on warrants charging them with attempted purchase of the absentee votes of Pike County residents now living in Seton and Ross Counties, today featured the eleventh-hour of Ohio's strenuous political campaign.

Former Judge A. Z. Blair, of Portsmouth, who presided at the disenfranchisement of scores of Adams County voters several years ago, is negotiating a citizens' protective committee in Pike County with prosecutors.

"The" workers continued their campaign in the churches yesterday against the "wet" amendment to "legalize the sale of wine and beer in Ohio. They pointed out that adoption of the amendment could not result in the sale of wine and beer in violation of the Volstead law, but that it would mean the killing of Ohio's prohibition enforcement machinery.

In addition to the wine and beer amendment, the "wet" and "dry" issue will enter many of the twenty-two congressional races in the State. Fourteen congressional candidates have been classed as "wets" by the Anti-Saloon League and twenty-eight have been classed as "dry."

For the first time in the history of the State Ohio voters tomorrow will be confronted with two women candidates for high office. Mrs. Virginia Darlington Greene, of Cleveland, is an independent candidate for United States Senator, and Common Pleas Judge Florence E. Allen, of Cleveland, is an independent candidate for Judge of the State Supreme Court.

Leaders of both parties agree that the result of tomorrow's vote in Ohio will be an endorsement or rejection of President Harding's Administration by the voters of his home State.

OLYPHANT SCHOOLS OPEN AFTER RAID ON COAL CARS

Citizens Act to Meet Fuel Crisis or Being Denied Sales
Scranton, Pa., Nov. 6.—(By A. P.)—Ten school buildings in the borough of Olyphant, closed for two weeks because of coal shortage, although in the heart of the anthracite region, today able to open their doors to their 2500 pupils today, for a new school year.

By Burgess P. B. Dempsey, yesterday, marched on the Delaware and Hudson Railroad, and confiscated 120 tons of coal from its cars.

The borough's nine churches also were provided with fuel as a result of the raid which followed refusal of coal companies to sell their product in the borough.

The people of Olyphant contend that they exercised the legitimate power of the community in making the raid, which they designated as an embargo on coal mined in the borough. Declaration was made that a careful record had been kept of the amount of coal taken, and that every pound would be paid for when a bill was presented.
